

First Days School Was Great Success

MISS GARLINGTON HAS SEVENTY GIRLS ENROLLED FROM COUNTY

IS FIRST YEAR

That School Has Been Carried on in This County and is Big Success.

The first day of the three days' canning school, which is being held under the supervision and direction of the home economics department of Winthrop College, was a success in every detail. Yesterday morning the students, numbering 70 assembled in the chapel at Anderson College for the purpose of morning exercises, organization and appointment of a leader for the three different sections. Dr. James P. Kinard led the exercises and spoke a word of welcome in behalf of the college. He was followed by Mayor J. H. Godfrey, who spoke in behalf of the city, then Mrs. Dora Dee Walker of Apetton in behalf of the home department of Winthrop College.

Organization was then perfected by Miss Janie C. Garlington and the school was divided into three sections and a leader for each appointed.

Day's Work—Morning.
10 to 10:40 a. m.—Work in class rooms, girls taking notes. Sec. A. instructions in canning tomatoes. Sec. B. instructions in canning beans. Sec. C. instructions in plant diseases.

10:40 to 11:20 a. m.—Instructors change to different section of girls.
11:20 to 12 a. m.—Second change, making each set of girl having heard each instructor.

Afternoon.

6 p. m.—Dismissal for supper.
Several of the women of the city visited the school yesterday and watched the girls and teachers in their work.

Among those who are assisting Miss Garlington in the school is Miss Grace Huffington, professor of domestic science at Winthrop College for the past two years and who has recently been appointed assistant State agent in the home demonstration work. Mrs. Dora Dee Walker, assistant to Miss Parrot, and Miss Wise, supervisor canning clubs in Newberry County are also assisting.

This is the first school of its kind ever conducted in Anderson County and Miss Garlington stated yesterday afternoon that she was exceedingly well pleased with the success so far. With 70 girls in attendance from all sections of the county, it is impossible to estimate what proportions the school may develop in a year or so.

Four Years' Course.
This school in connection with the girls' tomato club embodies a four years course, which if successfully finished entitles one to a certificate from the United States government which will be recognized by President Johnson in that he will grant certain points in the girl's standing in cooking, sewing, poultry raising and agriculture, if she decides to enter Winthrop College.

The four year's course it as follows:

- 1st year—Tomatoes and beans.

GARBAGE DISPOSAL PLANT AUTHORIZED

ONE WILL BE PURCHASED IF SUITABLE TERMS CAN BE MADE

WILL COST \$4,000.00

Matter of an Incinerator Has Been Before Council for Some Time.

Provided suitable terms can be negotiated, the city will soon have an incinerator or garbage crematory. Upon receipt of a report of the committee of sanitary affairs, city council, in regular monthly session yesterday afternoon, adopted a resolution authorizing the mayor and city clerk to close a contract for the erection of a garbage incinerator.

This is a matter which has been before council for several weeks, and at various times representatives of crematories, particularly the Nye Odorless Garbage Crematory company, of Macon, Ga., have been here for the purpose of appearing before council in the matter.

The committee on sanitary affairs reported that after investigation they had found the incinerator put out by the Macon, Ga., concern the cheapest to be had. The committee reported further that they believed the city needed an incinerator, but hesitated about recommending the purchase of one at this time.

At this juncture Mayor Godfrey took occasion to give council the benefit of some interesting and instructive data with reference to the city's finances, and the outlay of money that would be necessary to carry out work which had already been authorized. The mayor stated that he did not wish to see council spend so much money all in its first year, so that it would have to retrench during the second year and bring public improvements almost to a standstill.

Finally the crematory matter was brought to a head by Alderman Carter offering a resolution to the effect that "the mayor and city clerk be authorized to contract for the erection of a garbage incinerator provided the price is not more than \$4,000 and it can be had on the following terms: \$500 upon completion and approval of plant, and the balance in annual installments of \$500 at 5 per cent interest."

The committee on sanitary matters will take up with the Macon concern the matter of these terms, and if satisfactory arrangements can be made an incinerator will be erected here.

8 PER CENT STANDARD SET FOR ICE CREAM

Applies to all Ice Cream Made for Wholesale and Retail Trade.

In the monthly report of Dr. J. P. Major, city meat and health inspector, a standard of eight per cent fat in ice cream is set out.

This standard is made to apply to retail and wholesale trade.

The report of Dr. Major for the month of May as filed with the board of health is as follows:

Gentlemen: I submit the following report for the month of May:
Cattle inspected and passed, 116.
Calves inspected and passed, 28.
Swine inspected and passed, 50.
Cattle livers condemned and tanked, 12.
Swine livers condemned and tanked, 49.

Inspected all markets, dairies, shipment of meat and restaurants.

Set a standard of eight per cent butter fat in ice cream. This standard is to apply to all people who manufacture ice cream for wholesale or retail trade.

Would recommend higher license for people selling dairy products in the city.

Respectfully,
J. P. MAJOR,
Meat and Milk Inspector.

LEGAL NOTICES

INCOME TAX PAYERS TAKE NOTICE.

The time for making Income Tax Returns will close the 1st of July. All who fail to make income tax by that time will have to pay cost and penalty. This is from Carlton W. Sawyer, Comptroller General, at Columbia, S. C., so I would be glad to have you make these returns at once, so your Auditor will not be embarrassed.

Those who refuse to make Income Tax Returns will be compelled to do so at heavy cost. This is the law and so long as it is, I will have to enforce it for Anderson County.

Winston Smith, Auditor.
Columbia, March 13, 1915.
Mr. Winston Smith, County Auditor, Anderson, S. C.
Dear Sir: The State tax commission of the State of South Carolina

has sent me the following communication relative to the enforcement of the income tax law:

"The time for making returns under the income tax law of this State expired on the 20th of February last, and a very large number of persons liable to the payment of the tax omitted to make such returns within the time limited."

"The neglect to make the returns in time may have been caused by an erroneous impression that the return and payment of the income tax to the federal government relieved these tax payers from paying the income tax imposed by the laws of this State."

"The failure to make returns within time have been so general and widespread that we think further opportunity should be allowed such persons to make these returns before the penalties provided by law are imposed upon them."

In order, therefore, to save such persons who will now come forward and make the proper returns, I, Carlton W. Sawyer, under, and by virtue of power conferred upon the comptroller general, with the approval of the governor, in Section 167 of Volume 1, Code of Laws of South Caro-

lina, 1912, do hereby extend the time for the making of returns and assessment of income taxes without penalty until the first day of July, A. D., 1915.

You will govern yourself accordingly.
CARLTON W. SAWYER,
Comptroller General.

Approved,
RICHARD I. MANNING,
Governor.

All claims against the county must be filed with the clerk of the county commissioners on or by the 1st day of each month in order that said claims may receive attention at the next board meetings. Claims not so filed will be laid aside for thirty days.
